Help working families apply for the
Earned Income Tax Credit

- **Help immigrant working families.** Tax filing can be intimidating—and costly, especially for non-English speakers. As a result, every year thousands of working families do not file for the Earned Income Tax Credit (EITC).
- **EITC is a federal program** that provides a refundable tax credit in the Federal income tax—enabling low-income working families to receive up to \$4,300.
- **Many immigrant families are eligible for credit**, but do not know about the EITC program. Some immigrant families think they are not eligible when in fact they are.
- **What is the training commitment?** 4 - 8 classroom hours and on-site practice for beginners (fewer for accountants). Training will be conducted December through mid-January. **Volunteers receive IRS certification.**
- **What can I do to help?** Volunteers who are fluent in more than one language are needed to assist low-income, working families file tax forms. Taxes are filed free at selected sites across Philadelphia.
